

# Student Data Warehouse News

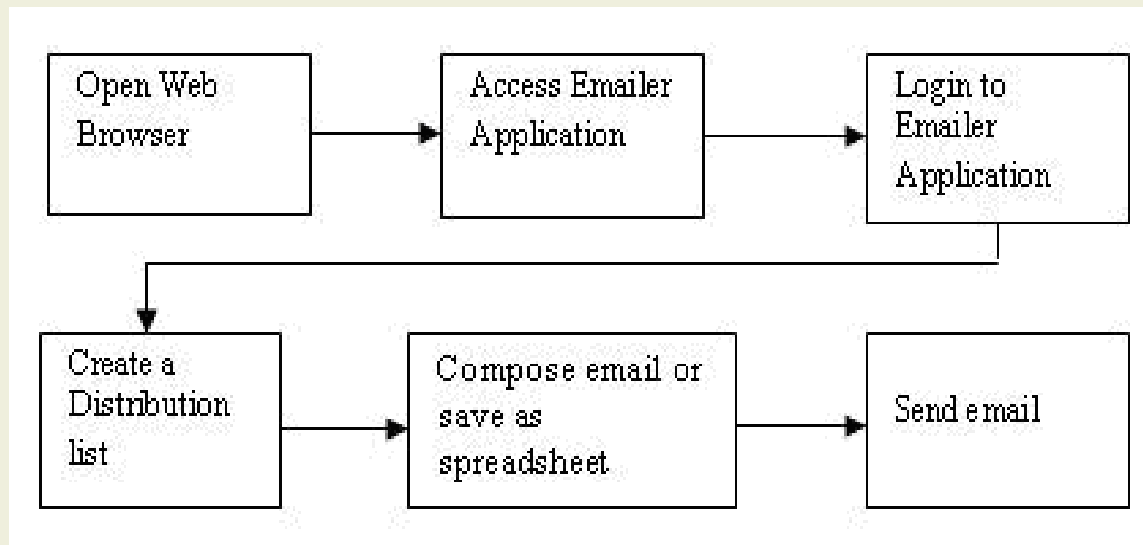

# Operational Data

- We are partnering with the University Registrar SERRS office to survey users of the Student\_Current data source.
- In January we released the Enrollments by Major or Advisor report that uses ODS data.
- Today we are announcing campus-wide availability of eMailer, an application that generates customized lists of student emails.

# eMailer

## ■ OVERVIEW

- Access OESUE eMailer application
- Navigate in the eMailer application
- Send an eMailer message to a created distribution list

# Course Analytics – Tips and Techniques

- What about GEC information?
- Is the most current CA cycle point loaded?
- Other CA queries and reports?
- Other data marts?

# Student Analytics Project Status

- Project Deliverables
  - Contemporary Database starting AU 2005
  - Historical Database starting AU 1998
  - 4 Reports
    - 2 Enrollment Reports
    - 2 Degrees Reports
  - Training
    - Current Course Analytics User
    - New User

# Student Analytics Project Status (cont.)

## ■ Status

- Contemporary database undergoing final system testing
- Reports in unit testing
- Historical database in unit testing

## ■ Schedule

- Anticipate release of reports and contemporary database mid-May
- Historical database early June
- Training will begin mid-May

# SIS Key Completed Activities

<http://oaa.osu.edu/sis/>

- The leadership team was announced in January and includes:
  - Nanci Gobey, Program Director
  - Jeff Allen, Advisory Chair and Business Process Reengineering Director
  - Glenn Donaldson, Integration Director
  - Geoff Novak, Application Development Director
  - Diane Owens, Quality Assurance Director
  - Julia Snyder, Change Management Director
  - Danny Williams, Technical Director

# SIS Key Completed Activities (cont.)

- Microsoft Project (project tracking software) has been upgraded and configured. We are piloting the new version and helping to work out the kinks.
- The Project Status report was created and is being sent out bi-weekly to sponsors.

# Key In Process Activities

- PeopleSoft course instructors are on-site providing module training for project team members.
- Several project positions have been posted including Project Managers, Communications Lead, and Business Reengineering Coordinator.
- The Staff Augmentation RFP has been published and a bidder conference held. Responses were due February 13.
- The workspace for the application team members has been assigned in KRC Building “A”. The space is being readied and some staff have moved in.

# Key In Process Activities (cont.)

- A project team newsletter has been developed.
- Overviews of the PeopleSoft modules are being presented to business sponsor staff.
- Project processes and templates are being developed.
- QA processes are being designed and approved.
- Conversion documentation is being finalized for the legacy system source files and fields.

# Key Upcoming Activities

- Overviews of the PeopleSoft modules for college users are being created. They will be presented in March.
- A project team member kickoff is being scheduled for March.
- A campus wide kickoff is being scheduled for April.

- Defines how campuses, programs, departments, and subject areas are organized in the system

## Academic Structure

# Focus Groups

## ■ OESUE Client Services

- Move to four corners of the room
- 10-12 people in each group
- Group facilitator records comments
- Go around the table doing brief introductions
- Spend between 2 to 3 minutes on each item

# About Our Systems

- How often do you use one of the queries or reports provided by our office?
- How would you describe the impact that having ready access to historic and near-current course and student data has had on your office?
- How has your need for student and course information changed over the past year?

# About Our Resources

- How would you describe your use of the OESUE website since you learned about our services?
- What uses have you made of the printed materials you received in training?
- When new resources become available, do you review and use them?
- Do you read the quarterly newsletter that we publish?

# About Our Events

- What motivated you to attend today's User Forum?
- What benefits do you derive from the quarterly User Forum?
- How would you characterize the value and effectiveness of the OESUE training you attended?
- What additional activities would help you make effective use of the OESUE tools?

# About Your Work

- What features or search functions do you find missing in the current Student Data tools?
- What resources such as queries and reports do you feel would be most helpful to others?
- How would you describe a typical student data request that you fulfill?
  - Who requests? How is request communicated? How much time to complete? How is data delivered?
- On a calendar basis, what periods of the academic year are most appropriate for obtaining and analyzing student and course data?
